Elon Bytyqi

Junior Developer

Prishtinë, Kosovë 10000 •044841324 • ElonBytyqi.16@gmail.com •github.com/ElonBytyqi

Profile

Hardworking and enthusiastic professional with a strong foundation in Computer Science and Engineering. Eager to leverage technical skills in SAP, problem-solving, and software development to contribute effectively in a challenging role. Dedicated and committed to becoming a dependable and valuable team member.

Experience

SAP Developer (Remote)
INVA Soft
December 2024 – Present

- Developed enterprise-grade applications using **ABAP RAP.** Using CDS Views and EML to develop odata services and metadata Annotations for Fiori apps in S/4 Hana Cloud and On-premise.
- Built and maintained backend services and Fiori apps with **SAP CAP**. Integrating them as side-by-side applications. Using BTP services as XSUAA for authentication, HanaDB for data persistence, MTA for building, BTP Destination for secure gateway of data retraction etc.
- Worked remotely with sap consultants on enterprise projects, delivering scalable and efficient business solutions for these modules: MM, SD, PP, EWM and Logistics.
- Ensured clean, testable code following agile practices and continuous delivery pipelines.

High School Programming Teacher
ISPE College – Prishtinë, Kosovë
August 2025 – Present

- Teaching Java, HTML/CSS, IoT and Software Fundamentals to high school students.
- Creating curriculm, lesson plans and practical focussed on real world development skills.
- Guiding student projects and monitoring young developers toward modern software practices.

Full Stack Developer Intern
Kosova Information Technology – Prishtinë, Kosovë
July 2024 – November 2024

- Developed and maintained full-stack web applications using PHP, MySQL, and JavaScript.
- Designed responsive and dynamic user interfaces with HTML, CSS, Bootstrap, and jQuery.
- Collaborated with team members to integrate front-end and back-end functionalities, ensuring seamless user experiences.
- Optimized database queries and improved application performance by fine-tuning MySQL.
- Actively participated in Agile workflows, contributing to sprint planning and daily stand-ups.
- Worked on debugging, testing, and deploying web applications, enhancing code quality and application reliabilit

EDUCATION

UNIVERSITY OF BUSINESS AND TECHNOLOGY - UBT Prishtinë
Computer Science and Engineering 2021-2024
GJIMNAZI "Ulpiana" Lipjan,
High School 2019-2021
